'This can save your life.'

**'I know these two products could have saved my Dad from dying of Colon Cancer.'**

Jim Foley, Colon Researcher

**If you don't go 2-3 times a day, you desperately need these products.**

**'70% of the people have a clogged colon.'**

- Healer

Many people lose 3-10 pounds.

Great for Indigestion, Gas, Bloat.  
Cleanse your colon and feel 5-10 years younger.

Dear Friend,

My dad had to die of colon cancer to wake me up to the importance of the colon.

It's tragic, but few people have a healthy colon. Many years ago, the famous Dr. Harvey Kellogg said, 'Of the 22,000 operations I have performed, I have never found a single normal colon.'

**Most colons are like a toxic cesspool.**

Toxins from the colon can poison every cell in your body. *This can cause a TON of health problems.*

**Which Colon would You Prefer?**

Normal Colon.

Toxic Colon.

Neglecting your colon is like begging for problems.

Believe it or not, many people barely go to the bathroom for DAYS. A man from New Jersey claims to have a movement ONCE every FOUR days. One woman went to the bathroom once every week! Many women are like this. They are prime candidates for breast cancer.

**If you have to STRAIN when you go, you need these pills.**

When your colon is constipated, you become a walking garbage can! You can carry rotting food in your colon for 5-10 years. This is where most diseases start. 'Death begins in the colon.'

A **clogged colon** blocks nutrients from being absorbed. The best nutrients in the world, just pass on through.

**'I lost 20 pounds** by cleansing my colon. Finally, my stomach is flat! I had to buy a new wardrobe.' - CA

**'After two weeks, I cancelled my colon operation.'** - 30-year-old woman

This woman had a severe colon blockage. She could hardly go to the bathroom. The doctor wanted to remove her colon. After two weeks on the colon pills, she started going 2-3 times a day. Her belly went way down. Ten relatives now take the pills.

**The #1 Problem in America -- NOT going to the Bathroom!**

The first formula is called **Jim's Colon Pills**. This formula will strengthen and stimulate the colon muscles. (Contains sacred bark, senna, psyllium, turkey rhubarb, aloe, Oregon grape root and sweet elm.)

The **Colon Pill** helps constipation, hemorrhoids, colitis, gastritis, polyps, Crones disease, a spastic colon and irritable bowel syndrome. It works after the best laxatives fail.

Many people lose 3-10 pounds on the colon pills. This comes from all that hard, impacted crud lining the colon wall. You can't exercise this weight off. It has to be stripped off from within. Many lose that bloated feeling on the pills. Protruding bellies often vanish. Headaches vanish.

**The Colon Cleanser cleans and disinfects the bowel.**

The second formula, **Jim's Colon Cleanser** is used with the colon pills. The Colon Cleanser is made from 33 natural herbs. Master herbalist, Joe Eli is interviewed on the colon.

**Question:** What's the difference in both formulas?

**Healer:** The first formula is an herbal stimulant which keeps you going every day. The second formula is the cleanser, which disinfects the bowel and helps remove parasites. Both formulas are needed for best results.

**Question:** What do you notice on the second formula?

**Healer:** You have an extra movement in the evening. Fecal matter comes out as black as coal! This means you are cleansing. People have more energy. They have less colds.

**Question:** How does formula #2 cleanse the colon?

**Healer:** It contains an herb called Yucca, which the Indians used as a natural soap. This acts as an internal herbal soap in the colon.

**Formula #1 pushes it out. Formula #2 scrubs and cleans.**

### A FAT Gut!

A prime candidate for the **Colon Pills**. Can you imagine the condition of this man's colon?

### Lost 15 pounds.

'I lost 15 pounds from the junk that came out. I feel more alert. I used to wear a size 14. Now I wear a size 10. I had to buy everything new.'

### Constipation Cured.

'I used to go only once every week. I was packed solid; even Ex-lax didn't help. I went to the hospital and spent \$3,000. Nothing worked. The colon pills were a lifesaver. Within one day, I went. Thank God.'

'Dark rings under the eyes often disappear when the colon is clean.'

### Irritable Bowel Syndrome - Gone.

'For 25 years, I had irritable bowel syndrome. I was miserable. I was often so constipated, it hurt when I walked. My relatives were so skeptical of the colon pills. Were they wrong! Now I go 2-3 times a day.'

'I call these the miracle pills.'

### Hemorrhoids Healed.

'I had hemorrhoids for five years. They were bleeding, itching and stinging. After six weeks, all this vanished.'

'Thick, black crud can line the colon walls and lead to horrible constipation.'

**Question:** How long can food accumulate in the colon?

**Healer:** Years! The black lining or casing on the colon wall can remain there four to five years or longer. If you don't do anything about it, it will just stay there until you die.

The black lining prevents the colon from breathing. In autopsies, they will cut the colon wall and find a black layer 1-2 inches thick. No wonder people have colon problems and indigestion.

Note: See your medical doctor for all health problems.

## True Stories -- The Colon Pills.

### They wanted to cut out my Colon!

Shirley from Apple Valley, California. 57-year-old woman with incurable bowel problems.

'For eight months, I could only have a bowel movement with an enema. I couldn't go to sleep at night. It started years ago as diarrhea and turned into constipation.'

### 'Nine doctors could not help me.'

'The doctors wanted to have a bowel sample, but I couldn't give them one. I just couldn't go. But no one could help me. I wasted over \$10,000. They diagnosed it as irritable bowel syndrome. Once they said it was colitis.'

'I lost 20 pounds from the enemas. I couldn't eat. One medical clinic wanted to take out my entire colon. They said I would have to wear a bag the rest of my life. A doctor wanted to put me on experimental drugs for two years. I was so sick I couldn't even go through the tests. I even went to the emergency room a few times.'

### 'I couldn't ask for a Greater Miracle.'

'All this went on for eight months. I don't know how I survived. I was days away from having the operation to remove my colon. I didn't know what else to do.'

'A friend told me about the Colon Pills. I ordered some. After that first night, I went a tiny bit on my own. Everyday I went a little easier. I took up to 13 capsules a day. I did this for about a year. Now I am down to four a day. I got instant relief. I couldn't ask for a greater miracle. I have gotten so many people on this.'

### Headaches Gone.

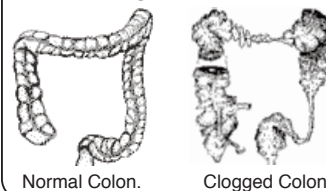

'I had terrible headaches for over 10 years. As soon as I woke up, the headaches would start. After only a few weeks on the colon pills, my headaches vanished. Plus, amazing as it sounds, after six months, my hair started growing real fast.'

### Face starts to glow.

After two weeks on the Colon Pills, she started to go 2-3 times a day. Her belly went way down. Her face started glowing. Her eyes started to sparkle. She looked so much younger and more beautiful. Ten relatives of hers now take the colon pills.

**Woman loses 25 pounds.**  
A 72-year old woman from Iowa started on the Colon Pills. She lost 25 pounds. She was 170. She is now 145. She made no change in her diet.

### Death Begins in the Colon.

### How I Cured my Colitis.

'My colitis was so bad, even eating a small salad would cause running. I started taking six capsules a day. Then I cut this back to one a day.'

'Once I had eight bowel movements in one day -- and they were really big. I guess everything broke loose. Now I have no more colitis. I'm completely cured.'

### Vet uses Colon Formula to save Dog's life.

A Texas veterinarian used this formula on a dying dog, who couldn't walk and was nearly blind. She claims he was walking within three days.

**Question:** What are some of the worst colon cases you have heard?

**Healer:** I have had several people who went once every 2-3 weeks. One woman in really bad shape said, 'I'm as regular as my period, *once* a month. She used to say, 'Please God, let *this* be the day!'

### Acne Heals. Face doesn't break out.

'Now I don't get bloated. My face doesn't break out. I feel so much healthier. I don't get food cravings anymore. My cousin loves the Colon Pills; she lost nine pounds.'

'The #1 Comment I hear on the Colon Pills is:

**'That bloated feeling is gone.'**
